About the Institutions -

Institute of Engineering and Technology,
Dr. RL Awadh University Ayodhya, UP.

Established in April 2000, the Institute of Engineering and Technology of Dr. Rammanohar Lohia Avadh University is the only graduation level technical Institute of Faizabad district. Institute now encompasses Six departments (IT, ECE, CS, ME, CE, EE) each with an intake of 60 students at B.Tech level. IT, ECE, CS and ME departments offer M.Tech with an intake of 30 students and MCA department with intake of 60 students. All the departments have adequate, qualified teachers and basic infrastructure in place and are constantly striving to enrich the learning experience. Ever since its inception, admissions to the courses are being made through.

Uttar Pradesh State Engineering Entrance Examination. At present, IET has two boys hostels and a girls hostel with adequate capacity. Institute also has a well-stocked library in addition to the university central library. The institute is one of the beneficiaries of the World Bank Assistance under Technical Education Quality Improvement Programme (TEQIP-III) through Government of India.

Technical Education Quality Improvement Programme

Institute of Engineering & Technology
 Dr. Rammanohar Lohia Avadh University,
 Ayodhya, U.P.

Today, the steadily increasing need of electric power is a global concern that must be faced through an improvement of the energy efficiency (reduction of power consumption) in high-power and high-frequency electronics devices. The development of new technologies for energy efficient high-power and high-frequency devices is driven by strategic interests in different fields, e.g., energy conversion systems (photovoltaic, automotive, energy distribution,...), telecommunication, transportation, consumer electronics, etc.

Until now, most of power electronics devices have been based on silicon (Si). However, Si electronics has almost reached its physical limits and the introduction of new materials and technologies "beyond Si" has become mandatory. In addition, another important driving force for high-frequency components is the market of the microwave and millimeter wave signal processing, for civilian, military and space applications (satellites, radars, etc.).

About the University

At the birth place of Lord Shri Ram and work place of intense socialist Acharya Narendra Dev and Dr.Rammanohar Lohia, a residential cum affiliating university named Avadh University was established in 1975. Later on, in 1994 the name of Dr.RammanoharLohia was added with the name of Avadh University and thus the present name of University emerged as Dr.Rammanohar Lohia Avadh University. It is a multifaculty university and imparts higher education in Humanities, Social Sciences, Basic Sciences, Commerce, Law Education, Pharmacy, Medical, Management, Engineering and Technology. It has 18 post graduate & graduate departments at the University campus. The University has 638 affiliated P.G. & U.G. colleges in Faizabad, Lucknow, Sultanpur, Amethi, Ambedkar Nagar, Gonda, Bahraich and Barabanki districts.

The university has strong infrastructure in terms of enriched Libraries, E-Library, Computer Centre with internet facility, well equipped laboratories, indoor sport facilities and Outdoor sports playgrounds etc. All department and offices have been provided internet facility. The faculty members are doing excellent work in academics & research. All the departments are continuously organising national/international level seminars, workshops and conferences every year.
