About the Conference

The aim of this Conference is to aware the players and coaches about disadvantages of doping. This Conference aims to identify communication strategies that coaches can use to support players' motivation in sports. The use of doping substances or doing methods to enhance performance is fundamentally wrong and is detrimental to the overall spirit of sport.

About NADA

The National Anti-Doping Agency (NADA) is the national organization responsible for promoting, coordinating, and monitoring the doping control program in sports in all its forms in India. As listed on its official web portal, NADA deals with adopting and implementing anti-doping rules and policies which conform to the World Anti-Doping agency, cooperates with other anti-doping organizations and promotes anti-doping research and education. NADA is formed by the Union Government under the societies Registration Act. NADA includes scientists and representatives from the Indian Olympic Association (IOA).
